## Classic Integra

# Coir

## Natural Coir Matting

Classic Integra Coir is made of natural coconut fibres, spun mechanically to give the mat a uniform and regular pattern with little fibre loss. The fibres are held together with a latex vinyl backing. This environmentally friendly product is the perfect quick fix.

### Features

- Environmentally friendly, made from natural coconut fibres
- Reduces floor maintenance and cleaning costs
- Minimises costly slip-and-fall accidents
- Three thicknesses to suit varying recess depths

### Application

Recess into mat wells, wall-to-wall in airlocks and lobbies.

**Suitable for:** Churches, schools, hotels, motels, factories etc.

### Nominal Size

2000mm wide roll (including edging), custom cut to length

### Available thicknesses

17mm, 23mm, 30mm

### Matting Colours

Black, Natural  
(Black only available in 17mm)

Suitable for low traffic applications

Moisture absorbent

Minimises slip-and-fall accidents
