Fibreglass Anti-Slip Stair Nosing for Surface Mount Applications

The Tredfx fibreglass range has been released to meet the need for a stair nosing that's able to withstand the extremes. Popular for use on fire escape stairs, oil rigs and industrial applications, this range stands up to the toughest of tests. Tredfx fibreglass products are manufactured from premium fibreglass and are resistant to most chemicals. They are non-conductive, fire retardant and not affected by high levels of moisture.

### Features
