Classic Integra

Zeal 8850

Dual Filament Carpet Style Matting

Classic Integra Zeal 8850 architectural entrance matting has been proven time and again. The lab tested design of this loop carpet style matting has been tested for extremely high traffic levels - more than 400,000 people per year. The attractive, variegated pattern provides a luxurious look, while effectively removing and hiding grime and grit.

Features

- Traps dirt and particles at the base of the mat
- Easy removal of trapped dirt and particles when cleaning
- Enhances interior appearance and acoustics
- Reduces floor maintenance and cleaning costs
- Minimises costly slip-and-fall accidents
- Vinyl backing and edging helps reduce creeping

Application

High traffic, and high-end corporate entrances. Can be installed as loose lay mats with bevelled edging, recessed into mat wells, or wall-to-wall in lobbies and atriums.

Suitable for

Hospitals, schools, universities, shopping centres, etc.

Nominal Sizes

2000mm wide roll (including edging), custom cut to length

Frames

Suits the INFR08 framing system
