# Fastile<sup>®</sup> PT30A

Polyurethane TGSi Peel and Stick Warning Tactile Tile Format

The PT30A is a proven tactile indicator, sized as 300 x 300 square tiles, and comes complete with a unique peel and stick adhesive backing. The PT30A provides installers and building owners with one of the most simple and fast installation systems for installing tactile indicators. The PT30A is manufactured from UV resistant, premium polyurethane material and its design complies with relevant Australian Standards.

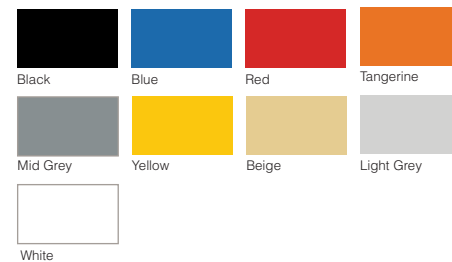

## Features

- Grooved 6 ring top
- 300mm x 300mm
- Peel and stick self-adhesive backing
- Bevelled edge for safe transition
- UV resistant polyurethane material

## Application

Interior and exterior
