EziHoop Cl

Cast In Hoop Bike Rack

Make your workplace or facility more bike-friendly with the Classic Ezi Hoop bike rack. Its simple, discreet design offers a secure spot for staff, visitors, and customers to park their bikes. Ideal for small spaces, this rack is perfect for gyms, retail areas, office precincts, and any venue catering to the growing number of cyclists in need of parking. Available in both stainless steel and galvanised finishes.

Features

- Maximises bicycle storage capacity in minimal space
- Efficient and space-saving design for bike parking
- Simple and quick to install
- Built for durability and long-lasting use
- Cost-effective solution
- On-site assembly required
