EziNest 10

Coat Hanger Frame Bike Rack for up to 10 Bikes

The EziNest 10 is our largest bike rack, designed to keep multiple bicycles neatly organised. Built with a galvanised or stainless steel coat hanger-style frame, it offers outstanding durability, strength, and rust resistance. This easy-to-install rack maximises storage space, making it perfect for garages, sheds, or outdoor areas. Enjoy an efficient, clutter-free way to store your bikes with this versatile and robust solution.

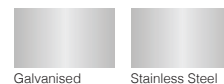

Features

- Single or double sided access
- Heavy duty steel or 316 stainless steel welded construction
- Easy installation process
- Stores 7 - 10 bikes (see diagrams on left):
 - Single side access - 5 bikes using inside bays and 1 bike on each outside rail, total of 7 spaces.
 - Double sided access - 8 bikes alternating on inside bays (entering from each side) and 1 bike on each outside rail, total of 10 spaces.

Application

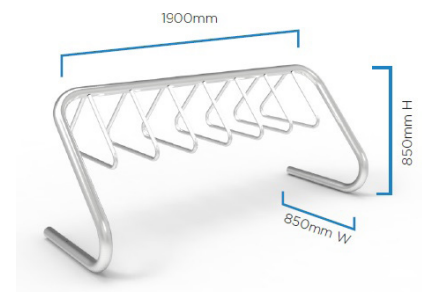

Surface Mount

Finish

Galvanised
