MultiPark 7

Coat Hanger Frame Bike Rack for 7 Bikes

The MultiPark 7 is a robust, durable storage solution designed to keep your bicycles organised. Featuring a galvanised or stainless steel coat hanger-style frame, it offers superior strength and rust resistance. Easy to install, this rack can hold multiple bikes, making it an ideal space-saver for garages, sheds, or outdoor areas. Enjoy a clutter-free, efficient way to store your bikes with this versatile rack.

Features

- Single or double sided access
- Heavy duty steel or 316 stainless steel welded construction
- Easy installation process

Application

Surface Mount.

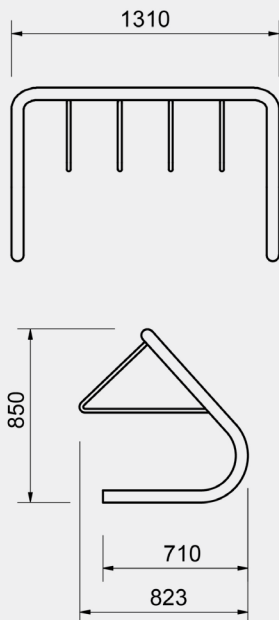

Single side access - 3 bikes using inside bays and 1 bike on each outside rail, total of 5 spaces.

Double sided access - 1 bike alternating on inside bays (entering from each side) and 1 bike on each outside rail, total of 7 spaces.

Finish

Galvanised Stainless Steel
