**Design. Supply. Install.**

## Why Choose Classic?

### Nationwide Support

With people and operations across Australia to provide the local support you need.

### Guaranteed Supply

The complete floor and stair safety solution, with fast turnarounds and commitment to deadlines.

### Over 40 years Experience

Working with building professionals, contractors and architects Australia-wide.

### One Stop Shop

Get all your goods from the one place. Our enormous range comes with fast turnarounds and speedy deliveries.

### Homegrown Matters

First comes quality, next comes pricing. Only the best products are up to the task in public access.

### Dream It. Visualise It. Implement It.

Create and visualise a product in your space using Classic's 3D and Augmented Reality technology.

**We create better  
shared spaces.  
Everyone deserves  
easy access.**

# This is what you can expect throughout the journey

## Consultation & Design

- We'll take the time to understand your project needs and timeline
- Provide a compliant solution that addresses safety requirements and design aesthetics
- Product samples are available and you can visualise your product designs in 3D and AR
- A proposal will be provided that itemises product details, provision of service and timeframes
- Our partnership commences and you will be assigned your Classic team of experts (key contacts)

## Manufacture & Supply

- We'll schedule in your product and installation requirements
- Organise and conduct a site measure and inspection
- Finalise the installation plan and timing
- Provide helpful advice on luminance contrast compliance. You can access our free online calculator, and if required we can conduct on-site LRV testing

## Installation

- Our installation team will manage the entire floor and stair safety solution
- We can provide installation advice to DIY customers
- Keep you up to date on the installation progress by sending you photos
- Provide O&M manual, all compliance certifications and warranties

WATPAC

POPULOUS

“As more projects lean towards a design and construct format, it's really important to have sub-contractors on board that provide the end-to-end solution and that service through the job. I've worked with Classic for over 15 years, and that's something they have always been able to give us.”

AINSLEY MIDDLETON, CONTRACT MANAGER, KANE CONSTRUCTIONS
