EziHold Swivel Wall Mounted

Dynamic Triangular Cradle Bike Rack

This rack combines style with smart functionality through its unique hinge design, allowing the rack to swivel smoothly by 45 degrees, from side to side. This dynamic feature minimises required spacing between racks to just 400mm, meeting Australian Standards for bike storage (AS2890.3) while maximising storage capacity. The innovative cradle securely holds the front wheel, making it easy to lock both the wheel and frame for added security. Perfect for compact, efficient bike storage solutions.

Features

- Features a unique hinge design that allows the rack to swivel from side-to-side, by 45 degrees, reducing required spacing to 400mm and meeting AS2890.3 standards.
- Maximises storage capacity while ensuring compliance with Australian bike storage standards.
- Innovative cradle securely holds the front wheel, enabling easy locking of both wheel and frame for enhanced security.
- Ideal for compact and efficient bike storage solutions.
- Classed as a Security Level - C rack, according to AS 2890.3:2015
